For detailed attractions included in the Tourist Packages, please visit our website at [www.mirantedogaviao.com.br](http://www.mirantedogaviao.com.br)

The **Hawk in the Wild** package is only available during the flood season, from the end of March to beginning of August.

All accommodations at Mirante do Gavião Lodge are constructed from certified hardwood, in ample spaces of comfort and unique decoration, referring to the grandeur of being in the Amazon, the largest tropical forest in the world.

Our suites are divided into 3 categories:

- 1) **Family** - "Tree House" with queen bed and private lookout for family groups;
- 2) **Comfort** - Large space with king size bed and balcony;
- 3) **Lux** – Extra large space with king size bed, large balcony, hot tub and greater variety of amenities.

The accommodations are surrounded by fruit trees native to the Amazon biome, such as chestnut, tucumã, taperebá, cupuaçu, abiu, açaí and jambeiros, as well as a privileged view of the Negro River and the Anavilhanas Archipelago.

By default, because of the high turnover of the booking system, locks are made by suite category rather than by name. The categories have the same services and internal space.

Check the name / number of your suite with the reservations department.

If you want a specific suite, you must request by email at the time of the lock request.

The booking confirmation is given upon deposit of 50% of the total amount. The rest can be paid within 7 days prior to check-in.

We also operate extra services such as flying over the archipelago with Hidroplane, tour to the Meeting of the Waters, City Tour in Manaus, visit to the Indigenous Tribe and Climbing in Giant Trees.
